

School name: COVID 19 Catch Up Premium Funding 2020-21

The government has announced £1 billion of funding to support children and young people to catch up. This includes a one-off universal £650 million catch-up premium for the 2020 to 2021 academic year to ensure that schools have the support they need to help all pupils make up for lost teaching time.

Although all children have had their education disrupted by the coronavirus (COVID-19) outbreak, it is likely that disadvantaged and vulnerable groups will have been hardest hit.

Schools' allocations will be calculated on a per pupil basis, providing each mainstream school with a total of £80 per pupil. Schools should use this funding for specific activities to support their pupils to catch up for lost teaching over the previous months, in line with the guidance on [curriculum expectations for the next academic year](#). See also the Education Endowment Foundation (EEF) [coronavirus \(COVID-19\) support guide for schools](#) with evidence-based approaches to catch up for all students.

Schools have the flexibility to spend their funding in the best way for their cohort and circumstances.

Priorities for 2020-21

The following key strategies have been identified for 2020-21 to address gaps in learning and support pupils to catch up on lost learning.

1. 'SPACE' recovery curriculum for all pupils (see below)
2. Baseline assessment and gap analysis for all pupils to accurately identify where support is to be targeted
3. Early reading and phonics through the introduction of the Read Write Inc programme
4. Targeting reading fluency at Key Stage 2 to ensure all pupils are able to become fluent readers
5. Professional development and training for all staff around phonics and reading
6. 20/21 White Rose Maths curriculum adopted to include catch up content through all units of work
7. Intervention programmes and 1:1 tuition
8. Develop a programme of home learning (academic and pastoral)
9. Jigsaw, Headstart and ELSA programmes to support pupils' emotional wellbeing
10. Embed metacognition strategies

SPACE Recovery Curriculum:

Throughout the Autumn Term and into the Spring Term, the curriculum will be adapted to prioritise the following areas:

Safety and security – Looking after ourselves, being safe and feeling safe

Physical Activity – Being active and healthy, getting regular exercise, playing sports and games

Academic Standards – Learning in school and at home, addressing gaps in learning, a broad curriculum with a focus on core skills

Creativity – Self expression, working together, rebuilding concentration and stamina

Emotional Wellbeing – Managing feelings and behaviour, mental health and wellbeing, Personal Social Health Education

A tiered approach

At Francis Askew Primary School, our approach to catching up on lost learning is based upon the principles outlined in the EEF Guide to Supporting School Planning, which aims to support school leaders with their planning for the academic year 2020-21. It proposes a tiered model that focuses upon high quality teaching, targeted academic support and wider strategies to aid school leaders' existing school improvement planning efforts.

The 3 tiers are:

Tier 1. Teaching

Great teaching is the most important lever schools have to improve outcomes for their pupils. This was true before the Covid-19 pandemic and it will continue to be vital as schools plan for all pupils to return in the upcoming academic year. Prioritising high quality instruction in the classroom setting has new-found logistical barriers, but the principles of great teaching remain unchanged. Having deep subject knowledge and a flexible understanding of the content being taught is clearly important.

High-quality assessment and sustained professional development are essential to great teaching. This year, more than ever, this needs to be supported by effective remote curriculum provision should unplanned school closures occur.

Tier 2. Targeted academic support

Evidence consistently shows the positive impact that targeted academic support such as intervention programmes and 1:1 tuition can have, for those pupils who are not making good progress or who have significant gaps in learning. Considering how classroom teachers, teaching assistants and external partners can provide targeted academic support, including how to link structured one to one or small group intervention to classroom teaching, will be a key component of effective planning for the new academic year.

Tier 3. Wider strategies

Wider strategies relate to the most significant non-academic barriers to success in school, including attendance, behaviour and social and emotional support. These local needs and challenges will be different for every school community.

1 Teaching

- ‘SPACE’ recovery curriculum from September 2020 to focus on Safety, Physical activity, Academic standards, Creativity, Emotional wellbeing.
- Emphasis on core subjects through quality first teaching during Autumn.
- Baseline assessments in September to identify gaps in learning to inform curriculum planning / intervention groups.
- Ongoing assessments to identify pupils who require additional Tier 2 support.
- Whole school focus on reading fluency: Read Write Inc Programme.
- CPD for all staff (reading / phonics).
- White Rose maths curriculum.
- Home learning programme.
- Jigsaw / PSHE curriculum.
- PE and sports provision to maintain physical health and wellbeing.
- Time for creative lessons to develop resilience, concentration and self expression.
- Embedding metacognition strategies.

2 Targeted academic support

- Intervention programmes based on question level analysis from baseline assessments.
- ‘Keep up’ groups targeted following half termly Read Write Inc assessments.
- Fresh Start programme in Y5/6.
- One to one support for targeted pupils.
- High quality SEND provision including personalised programmes.

3 Wider strategies

- ELSA programme to support emotional wellbeing.
- Attendance support for vulnerable families.
- Welfare phonecalls for all pupils who are isolating.
- School meals hampers for all FSM pupils if bubble closes.
- Additional safety measures to support risk assessments for staff / pupils / families.
