

## Francis Askew Primary School

*'Working together to make a positive difference for every child.'*

### Prevent Risk Assessment 2024-25

#### School Profile

Francis Askew is a large mainstream primary school which serves the Gipsyville and Newington area of Hull. The level of deprivation in the school is above the LA average with 63.4% of households categorised as being within 10% of the most deprived households nationally. The School itself is considered to be located in one of the 10% most deprived areas in the country. The percentage of pupils eligible for Pupil Premium Funding (Disadvantaged) is 48% which is above both the LA and England averages. The number of pupils at the school with English as an additional language is above the LA average, but broadly in line with the England average 16.7% of pupils are categorised as needing SEN Support, which is 2.6 percentage points above the England average and 1.7 percentage points above the LA average.

At Francis Askew Primary School we make a positive difference to every child. Working together with parents, families and the community we create a positive, calm and nurturing environment where all members of the school community feel safe, valued and respected.

#### Prevent

The aim of Prevent is to stop people from becoming terrorists or supporting terrorism. Prevent also extends to supporting the rehabilitation and disengagement of those already involved in terrorism. 14. The Prevent duty requires specified authorities such as education, health, local authorities, police and criminal justice agencies (prisons and probation) to help prevent the risk of people becoming terrorists or supporting terrorism.

The Prevent Strategy has three main objectives:

- Tackle the ideological causes of terrorism
- Intervene early to support people susceptible to radicalisation
- Enable people who have already engaged in terrorism to disengage and rehabilitate

In fulfilling the Prevent duty in Section 26 of the Counter-Terrorism and Security Act 2015 (CTSA 2015), Francis Askew Primary School will participate fully in work to prevent the risk of people becoming terrorists or supporting terrorism.

#### Francis Askew Primary School Prevent Risk Assessment

**Policy created: September 2024**

**Policy Review date: September 2025**

#### Counter Terrorism Local Profile *(provided by Humberside Police)*

The current threat to the UK from terrorism is SUBSTANTIAL (as of 07/03/2024).

#### Key risk themes for Humberside 2024:

- **Extreme Right-Wing terrorism** remains the primary threat to the Humberside area. The risk is most likely to be low complexity, from lone, self-initiated terrorists.
- **Online influences** occur in almost every single investigation, intelligence development and Prevent referral within CT Policing.
- **Minors**; Region has seen a significant increase in under 18's being investigated for terrorism offences. Casework numbers now comparable to that within ERWT
- **Increasingly LASIT and Conspiracy** type theories are requiring assessment. We must prioritise providing support for those with mixed and unclear ideologies (MUU) who are at risk of committing acts of violence.
- **Daesh/ISIS Inspired**: Poses a significant regional threat within the NE Region.
- **Self-initiated Terrorism (SIT)**: A Self-Initiated Terrorist is defined as "Person(s) who threaten or mobilise to violence without material support or personal direction from a terrorist organisation; but who may still be influenced or encouraged by the rhetoric or ideology or a group". (1)Self-Initiated Terrorists have previously been referred to as 'Lone Actors'.

**Francis Askew Primary School**  
*'Working together to make a positive difference for every child.'*  
**Prevent Risk Assessment 2024-25**

**Duty** School to provide a broad and balanced curriculum that helps protect students against extremism and radicalisation and promotes British values and a culture of equality.

**Duty** Appropriate policies and procedures are in place to manage external speakers.

**Duty** School work in partnership with other agencies to ensure appropriate reporting and recording processes are in place and referrals are managed effectively.

**Duty** The school will ensure staff and the LAB are Prevent trained according to role and clear leadership and accountability structures are in place.

**Duty** Ensure that staff, children and visitors are protected against accessing extremist material on the internet.

School staff are particularly important as they are in a position to identify concerns early and provide help for children, to prevent concerns from escalating.

Schools and colleges and their staff form part of the wider safeguarding system for children. This system is described in statutory guidance Working Together to Safeguard Children (2023) and Keeping Children Safe in Education (2024). Schools and colleges should work with social care, the police, health services and other services to promote the welfare of children and protect them from harm.

Radicalisation is listed as a specific safeguarding issue within this statutory guidance and is addressed within the Government Prevent Strategy. The Counter-Terrorism and Security Act 2015 places a duty on Schools to 'have "due regard to the need to prevent people from being drawn into terrorism."

**School Based Risks**

- External visitors influencing ideas/views of pupils
- Pupils accessing extremist content online
- Possibility of a terror attack/threat being made towards the school
- Community gang culture places children at increased risk of being radicalised/exploited
